

# Replacement Sensor – Ei261MEN

- For use with Ei261EN, Ei261ENRC, Ei261DENRC and Ei262 Carbon Monoxide Alarms to extend the life from 5 to 10 years
- Easy to remove and install (does not require an electrician)
- Cost effective way of extending the life of a CO Alarm
- 5 year guarantee

## PRODUCT DESCRIPTION

The Ei261MEN is a replacement Carbon Monoxide (CO) sensor designed for use with Ei261ENRC, Ei261DENRC and Ei262 CO Alarms.

It effectively doubles the life of the alarm cost effectively by replacing just the sensor and not the whole unit.

Simple and quick to install—no electrician required.

## Operation

- Remove CO Alarm from its mounting base
- Remove old sensor from by pulling the removal tab. Align and push the new sensor back into position
- Slide alarm back onto mounting base
